Summary

◆ *Super Ojou, Gokurakuin Towako, is married as husband and wife with Takatou Yuuga according to tradition.* ♥

◆ *Even though she has become Yuuga's classmate, she has her hands full with a proposal from the newly appointed teacher Renjou-sensei and appearance of rivals, etc. Somehow, she got involved into a match between fellow school festival team leaders with Yuuga's childhood friend Hime! On the day of the school festival, Miju, who seems to be related to Yuuga, showed up, and started a proposal tournament. What follows is...?*

Gokurakuin House Customs (Traditions)

◆ On the 18th birthday of the child born into the Gokurakuin Family, the child must be married to a member of the opposite gender born at the same time, on the same day, month and year!!

◆ Even if there was no prior arrangement of marriage, the child has to spend his or her life with the person to whom he or she presented his or her purity.

◆ Retreat and sleep by 9 PM!

...and many others.

*TN: An Ojou is a lady/daughter from a high-class/wealthy family.

That's right!
The hunks lined up here shall propose to Towako-chan!!
